Adobe Reader, minimum version 8, is required to complete this form. Download the latest version at http://get.adobe.com/reader. (1) Save the form by clicking on the diskette icon on the upper left side of the screen; (2) Ensure that you are saving the file in PDF format; (3) Specify where you would like to save the file, e.g. Desktop; (4) Fill in the required data, save and print the file; (5) Send the completed form to the copyright holder.

Student Contact Information

Last name: Hand
First name: Aimee
Academic Unit: Faculty of Medicine
Degree: Masters of Science in Medicine
eMail Address: e59amh@mun.ca
Telephone No.: 709-690-0243

Copyright Material Request

I, Aimee Hand, request that you permit the inclusion of the described material in the thesis/report/practicum listed below and grant an irrevocable, non-exclusive licence to Memorial University of Newfoundland and to Library and Archives Canada to reproduce, lend or sell the material described below as part of my thesis/report/practicum. The title of the thesis/report/practicum is:

Factors regulating nuclear localization of MIER1 alpha isoforms

to be submitted in partial fulfilment of the requirements for the degree of Masters of Science in Medicine at Memorial University of Newfoundland.

Description of the Material to be Included

Asking your permission to use an image, Schematic illustrating the common internal domains of the MIER1 isoforms and the variant amino- (N-) and carboxy- (C-) termini, from my supervisior's, Dr. Laura Gillespie's paper, MIER1 (mesoderm induction early response 1 homologous (Xenopus laevis); 2012). I have changed the colors of the Systematic from the paper due to a suggestion made from one of my external examiners. The copyright information wasn't quite clear and therefore I wanted to check with you and make sure it was okay to use Systematic, MIER1 protein isoforms

Permission of Copyright Holder

I, Jean-Loup Huret, do ~~do not~~ grant permission for the indicated use of the material described above.
