AINL Project

The overall goal of the Advancing Innovation in NL project is to synthesize, share, and ground-truth knowledge related to innovation and ways it can be fostered.
AINL Project

- **Advisory Board**
  - Provide feedback on proposed workshop locations;
  - Provide advice and comments on the workshop reports;
  - Identify existing relevant data and resources;
  - Identify key local contacts in each of the workshop locations;
  - Highlight important local or stakeholder specific issues for consideration;
  - Review emerging themes and lessons and providing advice to the Project and Research Teams on the final report (final content of the report will be the responsibility of the Project Team); and
  - Assist with publicity for all Advancing Innovation in NL events and reports.
